

**US COAST GUARD AUXILIARY  
MARINE SAFETY AND ENVIRONMENTAL PROTECTION  
M DEPARTMENT**

## **Trident Up-Date Bulletin No.005**

18 August 2003

### **TRIDENT DEVICE (M PRO-PIN) Award Application Process**

**The award process for the Auxiliary Trident Device is as follows:**

- 1. The candidate completes all requirements for education, service and personal qualifications.**
- 2. The candidate compiles the application package, consisting of the Application Form (Appendix B-6 Intro to MSEP) and all required documentation of education, service, and personal qualifications and submits the complete package to his DSO-MS for verification and endorsement.**
- 3. The endorsed package will then be forwarded by the DSO-MS to the member's Director of Auxiliary (DIRAUX) for issuance of the device.**
- 4. DIRAUX will review the completed package, record the award in the member's AUXDATA records, and issue the device and designation certificate through the chain of management and leadership.**
- 5. Should the DSO-MS or the DIRAUX have any questions concerning the acceptability of the material submitted, he/she shall refer all questions to DC-M for resolution.**
- 6. The device will be awarded with appropriate ceremony, preferably by the Commanding Officer of the Marine Safety Unit in the member's local area.**
